EZ-Steer System: Supported Vehicle Platforms

This support note lists platforms that are supported by the Trimble® EZ-Steer® assisted steering system. The EZ-Steer system can be installed on any of the following Trimble approved agricultural vehicles. More vehicles are approved every week: For the latest list, go to www.trimble.com/agriculture.

Note: Use only official Trimble platform kits with the EZ-Steer system. Many of the kits include spacers and shims that are essential to prevent steering column damage and degraded performance.

Installation instructions

Download the latest version from www.agpartners.trimble.com. Follow the instructions closely.
